

NPO Assessment Questionnaire

Version 1, 2023

NPO: [NPO Name]

Nature Area: [Nature Area Name]

Background Information

Project goal:

Location:

Size:

Land Conservation Significance:

Ecosystem and bioregion¹:

Project Duration:

Land Ownership:

Land Governance:

Key species (fauna and flora):

Social dimension (e.g. inclusion of local and/or indigenous communities, education, economic empowerment):

Land Threats:

Conservation Approach/strategy/methodology:

Nature Area Specific Questions

- 1. What is the legal relationship between your organization and the landowners?**
- 2. Who are the local partners you work with? What role do they each play in the project and is there a legal agreement in place? What is the level of control you have on the ground? How do you manage the stakeholders (if multiple)?**
- 3. How do you ensure that conservation efforts will be safeguarded after the completion of the project? Is there any legal force in place?**
- 4. What measurements are used to evaluate the impact of this area? And what reporting do you have in place (end of year report?)**
- 5. What is the (estimated) carbon storage and sequestration capacity of the area?**
- 6. What is the key message/core of this area?**
- 7. What is the scaling potential of the area above?**

Materials to Provide

- 8. A high-level summary detailing the financial plan for the area.**
- 9. Geocodes of the perimeters of the area, in the format of latitude and longitude (always in this order). The data shall be sent in the format supported by Microsoft Excel (xls.,xlsx., etc.)**
- 10. High-resolution visually appealing materials of the area (preferably both video and pictures). A mix of landscape, wildlife, and local communities works best.**
